## TESTIMONIALS

*"Council Leader is an excellent publication to be in. We find long standing value with our print ads with the publication being bi-monthly. It is a quality output, right down to the paper it is printed on."*

*- Rachael Hedges,  
Wiley, Digital PR and  
Communications Manager*

*"We've been regular advertisers in Council Leader for years. Choosing a print media group to market and expose your products can be difficult, however, with local government being one of our target audiences, we find Council Leader and TMPC deliver a credible magazine that our prospective customers actually read."*

*- Chris Symons,  
Hastings Deering*

Published since 1969, Council Leader magazine has become the Queensland local government's number one communication tool. Working directly with the Local Government Association of Queensland (LGAQ), the magazine has become a trusted, 'must-read' source within the local government sector, with a distribution of more than 2820 copies per issue landing straight in the laps of council decision-makers. In addition to our printed magazine we also distribute 476 digital magazines to those people, who prefer to have the magazine sent to them in a digital format; our digital magazine on average achieves page views of 13,920 per issue.

Council Leader features the latest news and views, council profiles and issue-based feature stories, while also keeping abreast of the latest products and services to help local councils improve the viability of their operations. The magazine's high-quality content, coupled with a clean, contemporary design, enables Council Leader to deliver the whole package to both readers and advertisers. Council Leader reaches the top tier of the industry, including mayors, councillors, CEOs, town planners, federal and state parliamentarians, and purchasing and procurement officers. The Magazine Publishing Company has an unrivalled intimacy and understanding with the local government sector in Queensland and has worked hard over the last 40 years to maintain this.
